

14th November 2014

Preston Construction Group,
24 Gum Tree Avenue
Bouldercombe
QLD 4702

Dear Mr Preston,

Letter of Referral – Preston Construction Group

Entire Network Solutions Pty Ltd have used Preston Construction Group (PCG) for elements in the construction of new wireless and mobile communications sites in and around the Rockhampton area.

Our experience with PCG has been extremely positive – not only have we received the very highest standards of workmanship, we have enjoyed a great working relationship with them. Their attention to detail and compliance with specifications and safety requirements have been a refreshing change and we would happily refer Preston Construction Group for any commercial and industrial projects. Please feel free to use us as a commercial reference for future clients.

We would, without doubt, use the services of Preston Construction Group on future projects.

Yours sincerely,

Tom Andrews
